Profile

Highly motivated high school student and aspiring AI/ML Engineer with demonstrated proficiency in full-stack development (MERN, Django) and modern AI workflows. Seeking challenging internship opportunities to apply technical skills in impactful, real-world digital solutions.

Experience

Full-Stack Web Developer

Oct – Dec 2025

Unified Mentor Pvt. Ltd. | Remote (AICTE-approved)

- Built and optimized full-stack applications using HTML, CSS, JS, Firebase, and SQL.
- Collaborated on industry-level projects with senior mentorship and performance reviews.
- Enhanced backend workflows and UI responsiveness, reducing load times by 20%.

Web Developer

Aug – Sep 2025

MoreYeahs (assoc. YouVah) | Remote

- Developed core features for GigX: secure user authentication and profile management.
- Designed CRUD APIs and search filters using Django REST Framework.
- Implemented role-based dashboards and integrated responsive Django templates.

IT Intern

Jun 2025

Hotel Kavana | On-site, Varanasi

- Analyzed the IT infrastructure of hotel management systems.
- Gained hands-on experience with digital operations, network security, and workflow automation.

Projects

GigX Platform

Django

Gig listing platform with secure auth, role-based dashboards, and scalable architecture.

Portfolio Website

React

Professional portfolio with dark mode, smooth animations, and responsive layout.

Calendar Events App

JS/Storage

Dynamic scheduling tool with LocalStorage persistence and task tracking interface.

Music Player

HTML5 Audio

Functional player with playlist management and custom UI; handles async media events.

Achievements
